Our new link system brackets and bearings allow you to think bigger. Cover bigger. And make operation easier. Now you can link up to three roller shades—and operate them all—using one clutch or motor. That means more control and versatility over the room's lighting.

FEATURES & BENEFITS

- Link up to three roller shades, operate all three with one clutch or motor
- Allows for variable clearance from wall
- Compatible with over eight Skyline bracket types, as well as R-Series and 5" fascia options
- Choose between bearing types for pin-to-pin or Infinite Adjuster connections
- Works with 1½", 2" and 2½" tubes
- Used with our 2009 WCMA winner for Product Innovation, the Infinite Adjuster
- Minimal light gap

Control light gaps. Get wider clearance from the wall. Enjoy more options.
